

## WORKING FOR YOU!

Phase two of the Gillham Complete Streets project is almost complete!

KCMO Public Works installed complete streets improvements on Gillham Road this summer in coordination with road resurfacing efforts and the City's Complete Streets ordinance.

Improvements include: KCMO's first two-way cycletrack, an on-street, bidirectional bicycle path; traffic calming and improved pedestrian crossings on cross-streets; and a newly resurfaced roadway.

Parking access is maintained for residents south of 43rd St. The cycletrack runs next to the curb and vehicles now park between the cycletrack and northbound travel lane.

**Phase one: Armour Road to 31st Street**

**Phase two: Brush Creek Boulevard to 39th Street**

**Future phases: Armour Road to 39th Street and 31st Street to Grand Boulevard (dependent on funding)**
